## LITERARY CLUB REPORT

Some of the questions that were asked are:

- Was the protagonist's idea of revenge justified, given the circumstances? What would you have done differently, if you were in her position?
- Does defending abusers make one as culpable as the abusers themselves?
- Are the bystanders of a crime guilty too? Do they deserve to be forgiven? Is remorse important?

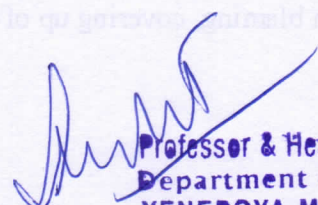

All the members actively participated in the discussion and it was truly enriching to hear everyone's opinions on the matter.

- Towards the end of the meeting, we had a more light hearted event where we all played a game of dumb charades (Theme: books & movies]
- We also informed the members about 'CHITTI EXCHANGE' which is an online initiative by @the alipore post on instagram, to get people across the nation to write letters to each other and brings back the concept of 'penpals' in a digital era.
- Finally the members were introduced to 'Blackout poetry' and were encouraged to try it in their free time.
