## Certificate Course in **MUSIC THERAPY** for Health Professionals

- 🎵 Music therapy has been found to be an effective non-invasive treatment option in various ailments.
- 🎵 The branch of music therapy and music therapy research in India are in the stages of infancy. It is essential to train health professionals, musicians and others in music therapy in order to explore the potential of music as a complementary therapy for improving health and wellness in the clinical settings.
- 🎵 This certificate course is intended to lay the theoretical and practical foundations of music therapy through a structured experiential learning framework.

## Eligibility:

1. Doctors - MBBS, MD/MS, BAMS, BHMS
2. Nursing Professionals - Diploma/Bachelors in Nursing
3. Allied health care professionals - Physiotherapists, Clinical Psychologists, Speech language pathologists, B.Sc /M.Sc in Psychology, Special Educators & Occupational therapists.
