Certificate Course in

ASSESSMENT AND REHABILITATION OF
VERTIGO AND BALANCE DISORDERS

January 2026 – June 2026

Vertigo and balance disorders are increasingly prevalent, necessitating specialized expertise for effective management. Audiovestibular specialists, physiotherapists, occupational therapists, and other rehabilitation professionals are integral to a multidisciplinary team addressing these conditions.

This course, reviewed and endorsed by the **Neuro-otological and Equilibriometric Society of India,** is designed to equip participants with advanced skills for assessing and rehabilitating individuals with vertigo and balance disorders. Combining theoretical insights with hands-on training, the program covers diagnostic methodologies, evidence-based rehabilitation strategies, and practical implementation.

Highlights:

- Blended learning: 70 hours of instruction, including online lectures and case-based discussions
- 5-days hands-on session at Yenepoya Medical College, Mangalore.
- Expert faculty led by Dr. Srinivas Dorasala, Adjunct faculty, Yenepoya (Deemed to be University) who is a renowned specialist and innovator in the field of vertigo and balance disorders and other eminent resource persons.
Course Objectives:
Participants will:

- Understand the anatomy and physiology of the vestibular system for identifying vestibular pathologies.
- Perform and interpret tests including VNG, VEMP, fHIT, and craniocorpography.
- Develop skills to establish and run a vestibular assessment laboratory.

Eligibility:

- **BASLP/MASLP**
- **BOT/MOT** • **BPT/MPT**
- **Other Rehabilitation Professionals - Neuroscience Technology (Bsc/Msc)**

Course Fee:
INR 32000/-
+ GST
**Limited seats.
Admissions on a first-come,
first-serve basis.
Register now!**

Hands on session:
23rd-27th June, 2026
