

YENEPOYA

(Deemed to be University)
Mangalore

Invites applications for Fellowship in **VESTIBULAR MEDICINE** *2025-2026*

Curriculum Overview:

The program will consist of structured modules covering:

- Advanced neuroanatomy and neurophysiology of the vestibular system
 - Vestibular diagnostics (VNG, vHIT, fHIT, VEMP, COG, CCG, Stabilometry, imaging)
 - Central and peripheral vestibular disorders
 - Pediatric and geriatric vestibular care
 - Functional/psychogenic dizziness
 - Neurogenetics and advanced vestibular therapeutics
 - Fall risk assessment and rehabilitation (including yoga)
 - Research methodology, teaching, and leadership development
- This program aligns with global standards including the Bárány Society's VestMed Curriculum, ensuring fellows develop both foundational and expert-level competencies in vestibular medicine.

Application in the prescribed format available at

<https://www.ymc.yenepoya.edu.in/admission-notification.php>

to be submitted by E-mail to
ymc.fellowships@yenepoya.edu.in

with cc to
vestibularcourses_ent@yenepoya.edu.in

on or before

15th
March, 2026

Eligibility:

MS / DNB in ENT (NMC-recognized) ;
preference for candidates with clinical
experience and academic credentials.

Intake: 1 fellow/year

Selection will be based on academic records and interview.

Teaching-Learning Methods

- The training will employ participatory, interdisciplinary, and hands-on methods, including simulation, case-based learning, journal clubs, externships, and reflective writing.

Outcomes

Upon completion, fellows will be able to:

- Demonstrate advanced clinical skills in vestibular assessment and diagnostics
- Integrate findings across vestibular, neurological, and ocular systems
- Perform therapeutic maneuvers and assist in vestibular surgeries
- Lead interdisciplinary teams delivering individualized, evidence-based care
- Engage in teaching and clinical research in vestibular science
